

Free Community Event

Stormwater Modeling

Wednesday, June 26th

5:00 p.m. - 6:30 p.m.

Century City Tower
1st floor conference room
4201 N. 27th Street

**Roosevelt Grove &
Lincoln Creek
Neighborhoods**

*Participate and inform plans
for how to best manage
stormwater in your
neighborhood*

Join us for a follow up conversation on Clean Wisconsin's stormwater modeling project in the Roosevelt Grove and Lincoln Creek Neighborhoods.

Northwest Side CDC staff will also be sharing information on the West Basin flood management project led by the Milwaukee Metropolitan Sewerage District.

Residents can sign up for a free rain barrel or rain garden at the event. A pre-installation inspection will be done prior to installation to make sure a rain barrel or rain garden will work at your home.

Refreshments will be provided. Participants will get a chance to win a gift card! Registration for the event is encouraged but not required.

** Only one free rain barrel or rain garden per owner-occupied household.*
